

Boys Cross Country “Tryout” Information

There are no “tryouts” in Boys Cross Country at Hale. We can have an unlimited number of athletes on the team. In addition, every athlete gets to compete as much as their teammates in every meet.

Our top 7 or 8 runners will comprise our Varsity, but we can run an unlimited number in a separate JV race each meet.

Therefore, the only limitation to improvement is your own level dedication and hard work.

If you are interesting in joining the team, contact Coach Kurtz as soon as possible.

As a point of reference, we had the best record last season of any fall sport in West Allis--either Hale or Central. We had a winning percentage of 58% (66-48) and against teams not ranked, we were 78% (66-19). With most of our Varsity returning in 2010, we anticipate an even better season this fall, and we'd like you to join us.

Last year, we had 3 freshman letter on the Varsity. The same was true the year before. Thus youth and/or inexperience are not a hindrance to excel in our sport.
