

Presidents Message

I look at my days filled with work, errands, and an abundance of other activities in which I must keep track of ; not only for myself but for the rest of my family too, and that's in addition to our evenings filled with sports, dinner, homework, practicing instruments, and anything else that may happen to come up. It's the day in the life of a parent, and at the end of the day we sit back and are thankful that somehow we made it all work.

It is often easy for us to say "I've done enough and I can't do anymore" yet even with our lives as busy as they are, the staff, parents, friends and relatives here at Walker School have stepped up to support PTA. We have many families who support Walker PTA through their memberships and in addition many of you have volunteered to help on committees and at special events. It is all of us working together that make our PTA the best that it can be.

I'm proud to be your PTA President; I look forward to meeting and working with many of you, and strongly encourage those of you who haven't joined PTA to do so. Don't miss out on the opportunities and activities that are available to you as a PTA member.

The Theme of the National PTA this year is "Planting the seeds of success "so let's continue to strive for success in our School, community, state, and Nation. Be a leader in the lives of our children and continue planting the seeds of success.

In gratitude for all that we are and all that we have
Mary Jo Jatczak

"Coming together is a beginning. Keeping together is progress.
Working together is success." *Henry Ford*
