

SCHOOL ATTENDANCE AREAS

The School Board shall set the attendance areas to be served by the various elementary, intermediate and high schools in the District. Resident students shall be assigned to neighborhood schools in their attendance area based on their resident address.

When a new family moves into the district and there is no space available at their attendance area school, the District will assign the student to a nearby school where there is space available. Transportation will only be provided if the student lives more than two (2) miles from the school to which he/she was assigned.

The District may initiate student transfers to a school building outside of a student's attendance area based on space or special program needs. In such cases, the District shall provide student transportation.

The attendance areas will be reviewed as needed.
