

# Career and Technical Education Enrollment Reporting System (CTEERS) – Questionnaire for Juniors

Because our school district receives federal funds through a Carl Perkins Grant, we are required to gather **accurate** career information on all current juniors and seniors. Please take a few minutes to complete this questionnaire and see your school counselor if you have any specific questions. Thank you!

**NOTE:** Cell phone numbers will only be used to contact students who are selected for a follow-up survey after they graduate. Graduates would be called by a district staff person using a school district phone. Please review the courses offered at WAWM School District in the Career and Technical Education (CTE) Department below.
