

STUDENT CONDUCT

All student behavior should be based on respect and consideration for the rights of others. Students have a responsibility to know and follow the rules and regulations of the school.

Students shall conduct themselves in keeping with their level of maturity, acting with due regard for the supervisory authority vested by the Board of Education in all District employees, for the educational purpose underlying all school activities, and for the widely shared use of school property.

The principal is responsible for developing and administering reasonable rules and regulations for students. Such rules and regulations shall not conflict with Board policies, statutory or case law.

All District employees shall share responsibility for supervising the behavior of students and for seeing that they meet the standards of conduct established by the principal.

The District shall not discriminate in standards and rules of behavior, including student harassment, on the basis of sex, race, religion, color, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional or learning disability or handicap. Discrimination complaints shall be processed in accordance with established procedures.
