

**STUDENT HEALTH SERVICES**

The District shall maintain a cooperative health program with the West Allis Health Department. The program is conceived as a joint school-community health service.

The District shall contract with a medical director who advises the District-employed school nurses. The medical director and the school nurses, along with a designated administrator shall provide leadership and coordination of health programs for the District.

A close working relationship shall also be maintained with the Parent-Teacher Association to promote in every manner possible an effective and functional health program for the students of the District.

New health procedures shall be forwarded to the medical director for approval as the need arises.
